The authors describe the challenges and opportunities facing Turkey in the international environment during a time of extraordinary flux. Special emphasis is given to the strategic and security issues facing Turkey, including a number of new issues posed by the terrorist attacks of September 2001 and the subsequent international response. They conclude by offering some prognostications regarding the country's future and their implications on Turkey's western partners.

With the end of Cold War discipline the world has entered a new era. Parameters have changed; new handicaps as well as new opportunities have been created for countries. Turkey as a neighbor of former USSR, a member of NATO and located at the center of a sensitive region covered by Caucasus, Balkans and Middle East, has

been affected by the end of Cold War radically. Turkey has lost some of her bargaining cards in the new era and therefore has needed new arguments. This need encouraged Turkey to take active steps in Post Cold War era. This book analyzes Turkey's relations with US, EU, Balkans, Middle East, Caucasus, Central Asia, Russia, China and Japan. At the same time, effects of economic crises and domestic developments on foreign policy, Turkish model in Turkish foreign policy, water conflict and Kurdish problem are analyzed as well. To conclude, it is possible to argue that although Turkey lost some of her bargaining cards in Post Cold War era, new developments pushed Turkey to the center of world politics rather than to periphery. The New Millennium. The authors seek to identify the meanings of 'populism' and 'Islamism' in the Turkish context and their relationship to democracy there, exploring the extent to which they may explain the apparent rise of authoritarianism and illiberalism under the JDP and especially under President Recep Tayyip Erdogan, and address the tensions between Turkey's 'western' and 'Muslim' discourses and the politicization of history in the 'new Turkey'. They examine the implications of these developments for Turkey's EU accession prospects and its western alliances, explore the impact they have had on the country's approach to the Arab Spring, and consider their relationship to Turkey's status as an emerging economy in an economically globalizing context. The volume also debates whether Turkish populism is unique to that country or

The New Millennium reflects a growing trend in world politics, including in the west. This book will be of great interest to students and researchers of political science and international relations, especially those with a focus on Turkey. It was originally published as a special issue of the journal Turkish Studies.

This revised and updated version of William Hale's Turkish Foreign Policy 1774-2000 offers a comprehensive and analytical survey of Turkish foreign policy since the last quarter of the eighteenth century, when the Turks' relations with the rest of the world entered their most critical phase. In recent years Turkey's international role has changed and expanded dramatically, and the new edition revisits the chapters and topics covered in light of these changes. Drawing on newly available information and ideas,

The author carefully alters the earlier historical narrative while preserving the clarity and accessibility of the original. Combining the long historical perspective with a detailed survey and analysis of the most recent developments, this book fills a clear gap in the literature on Turkey's modern history. For readers with a broader interest in international history, it also offers a crucial example of how a medium sized power has acted in the international environment.
