EVOLUTION Underworld - 03
Greg Cox (An Undead Scan v1.6)
Prologue The very memory of that night was like a recurring nightmare.... The fog was cold and damp, and an icy wind blew through the shadow-cloaked forest, but Selene barely noticed the chill. Autumn trees, bare and skeletal, clawed at her as she ran frantically through the woods outside her home.

Greg Cox writes yet another
awesome book in the Underworld
series. He fleshes out the
characters and plot that the movie
doesn't. Even though the movie
rocks!! Better than the first. But
needed more indepth
characterizations from Selena and
Michael. But like the book, it was
never boring and full of awesome
vampire vs. werewolf action and
adventure.
