Read Book Us History Pacing

Guided by the New York State Education Department, this guide provides a pacing guide for the New York State History and Social Studies Curriculum Framework for the United States History course. The guide is designed to help educators plan their instruction and ensure that students are meeting the standards and learning objectives of the course. The guide includes a list of standards and learning objectives, a pacing chart, and a list of resources. The pacing chart shows the recommended number of days for each standard and learning objective, and the resources list provides links to additional materials. The guide is intended to be used as a flexible tool, and educators are encouraged to adapt it to their own classrooms and needs. The guide is available in both print and digital formats, and can be accessed at <https://www.nysed.gov/curriculum-frameworks/history-social-studies>.
