why do some women turn to militant action while others seek peaceful resolutions? And why does the answer matter? Tackling these questions in their provocative analysis, Joyce Kaufman and Kristen Williams explore the full range of women's responses to armed struggles.

Read Free Women At War Women Building Peace

Women everywhere have long struggled for recognition as equal, productive members of society, worthy of taking part in the political process. These struggles become even more pronounced in times of conflict and war, when the symbolism and myths of womanhood are used to stoke nationalistic ideas about the survival of the

Read Free Women At War Women Building Peace

state. Yet for all the rhetoric that takes place in their name, it's men who generally make decisions regarding war. *Women and War* examines how women respond to situations of conflict. Drawing on both traditional and feminist international relations theory, it explores the roles that women play before, during

Read Free Women At War Women Building Peace

and after a conflict, how they spur and respond to nationalist and social movements, and how conceptions of gender are deeply intertwined with ideas about citizenship and the state. As Kaufman and Williams show, women do more than respond to conflict situations; they are active agents in their own right

Read Free Women At War Women Building Peace

shaping political and historical processes.

Their conclusions encourage us to rethink the prevalent assumptions of international relations, history and feminist scholarship and theory.

How and why do women's contributions matter in peace and security processes?

Read Free Women At War Women Building Peace

Why should women's activities in this sphere be explored separately from peacebuilding efforts in general?

Decisively answering these questions, Sanam Anderlini offers a comprehensive, cross-regional analysis of women's peacebuilding initiatives around the world. and highlights the endemic problems that
