Maths Quest 7 for Victoria Homework Book is an integral part of supporting the Victorian Essential Learning Standards (VELS). The homework book complements the textbook with a variety of activities including homework sheets, rich tasks and fun code puzzles. It provides students, parents and teachers with an opportunity to construct a homework program that will help students develop their mathematical skills. Sixteen chapters contain five worksheets: two homework sheets, one rich task and two code puzzles. Chapter 1 contains six sets of 30 quick questions. These encourage students to practise some basic number skills and improve their quick recall of number facts. Chapters 11 and 19 contain hints for tackling six randomly selected problems from the problem-solving chapters in the textbook. These

complement the textbook by providing some scaffolding for students who have difficulty starting a problem-solving question. The homework sheets: * begin with six Skills practice questions based on concepts taught up to Year 7 * contain carefully graded skills and application questions related to specific content in the textbook chapters * include a Reasoning section for students to explain mathematical concepts in their own words * finish with a Problem solving question to extend students' problem-solving skills. The rich tasks: * encourage students to work mathematically * enhance problem-solving skills with links to real-life situations * promote different levels of thinking with many open-ended questions. The code puzzles: * present aspects of the chapter content in an entertaining way * provide an
